Why don't you send me a draft so I can tell you if we have a dispute on any given issue before it is filed? I am getting the EDCs and mechanical testing reports and am pursuing the complaint files (to produce or give you a privilege log) and e-discovery. I am here the rest of the day. I don't know about a time limit. I can call the scheduling person and find out. Good question.

Do you have any additional information about the auto accident? Did Mrs. Cahill seek medical care?

What time on Thursday? I have a meeting with a doctor at 9 in Skokie and, of course, Tony is not here; so I need to figure out my schedule.

Thanks, Kay

Two things:

1) We will be filing a motion to compel, extend discovery deadlines and for any other relief the court deems proper later today. It will be noticed for next Thursday. I hope the motion to compel part is resolved by then but given the pending deadlines, feel these issues need to be before the court;

2) Does Dr. Gordon have a time limit on Tuesday? If Dr. Goldstein's deposition is any indicator, we will certainly need more than an hour.
